Examiner Nguyen,

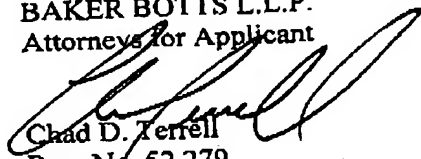

At your request, I have prepared this agenda for our telephone interview scheduled for June 16, 2010, at 3:00 PM EST.

**Items for Discussion**

- Applicant seeks clarification of the Examiner's rejection of Applicant's independent claims under 35 U.S.C. §102(e) based on *Sarp*.
- Applicant intends to discuss the failure of the cited portions of *Sarp* to disclose, teach, or suggest various limitations recited in Applicant's independent claims. For example, it does not appear that the cited portions of *Sarp* disclose an endpoint supporting "*a shared mode*" according to which the endpoint *concurrently* supports an extension of the user and one or more other extensions of one or more other users," as recited in Claim 1.

Respectfully submitted,
